### Mentoring Event for students interested in start-ups/ Innovation

The college Institutional Innovation council orchestrated a dynamic one-day event, showcasing a diverse array of entrepreneurial ventures conceived by students. The exhibition featured an eclectic range of stalls, spanning from delectable food offerings to creative domains like nail art, mehandi, games, hand jewelry and hand painted suits. The students demonstrated their entrepreneurial spirit, reflecting a fusion of creativity and practicality. Dr. Jyotsna the college Principal, delivered an inspiring message, urging the students to glean valuable lessons from these hands-on experiences, fostering a pathway to success in their future endeavors.

### Intra Institutional Idea Competition/Hackathon

Intra Institutional Competition was organized in the college campus 29 January 2024. Five entries were selected for presentation. Sh. Vishal Chawla, Counsellor, District Employment and Skill Development Bureau and Ms. Rajdevinder Kaur Sidhu, Manager Central University of Punjab Research and Development Foundation were the experts. The students presented their ideas varying from graphic designing to hand made jewelry to setting up paper factory. The experts gave their feedback and guided them regarding the financial schemes that are available with the government for start-ups.

### Workshop on Problem Solving and Ideation

On 23 January, 2024 Dr. Simranjeet Kaur and Dr. Seema Gupta under the guidance of Principal Dr. Jyotsna, organized a workshop on Problem Solving and Ideation in the college campus. There were about 50 participants. The speakers shared their concept of Problem solving and Ideation and narrated some real-life situations where the problem could be solved by creative thinking. The speakers encouraged the participants to share their experiences on problem solving. Students also came up with different situations where the solution seemed difficult and other students tried to come up with the possible solutions. So, the workshop was successful in activating problem solving approach among participants.
